APWA NEWS

LETTER TO MEMBERSHIP

Dear APWA Missouri Chapter Members,

Spring has certainly been in the air for the past few weeks, and Public Works staffs around the state will most likely start to store winter operations equipment earlier than ever. While the changing climate patterns can be alarming, I welcome an early spring.

Staff training is a critical aspect of any organization's success. It provides employees with the knowledge and skills they need to perform their jobs safely, enhances their professional development, and increases their job satisfaction. Continuing Education and Training Committee members at the St. Louis Branch and Chapter work together to select meaningful classes to schedule. Thank you to those who have completed our surveys in the past. If you don't have the time to complete the next survey, please contact me directly.

We've had a few training opportunities in the St. Louis area, with more planned this spring, including one in Springfield. In addition to the in-person training opportunities, I encourage all members to visit the national website and look at the online programs and other materials.

The St. Louis Branch Construction Inspection Course committee did a fantastic job planning this year's 3 day class, which is the first since 2019. The class is at full capacity with 48 attendees registered. Some of the current committee members took this same class when they started their careers many years ago. Please thank Vijay Bashin, Scott Smith, and Brian Petterson for their work planning previous courses and setting the foundation for this year's committee, chaired by Jim Eckrich.

The chapter conference committee had their first fall 2023 planning meeting last week. Save the date for the fall conference in Columbia, Wednesday, November 1st to Friday, November 3rd. This is a new date format requested by attendees who had family events on the weekend. We do need a couple more members to join the committee, so please reach out to [Jacque Knight](#) if you are interested.

Again, please do not hesitate to contact me if you are interested in working with the Continuing Education committee or would like to coordinate training for your organization.

Warm Regards,

Bruce McGregor
Director of Continuing Education and Training

APWA NEWS

FEBRUARY MEETING MINUTES

St. Louis Branch Meeting Minutes February 16, 2023

Chair John Keeven called the meeting to order with the Pledge of Allegiance and Invocation at 11:59 AM.

John forgot to tell everyone to sit down, so half the room remained standing and the other half sat down while Jim Eckrich presented Colleen West with the Past Branch Chairs plaque and a plaque of appreciation for her service to the St. Louis Branch of the Missouri Chapter of APWA.

Lunch

John announced that the head table will go first and then everyone please follow. New treasurer David Stewart had a strong first menu; the pasta was incredible.

Business Meeting

Following lunch, John Keeven began the business meeting by welcoming everyone and thanking them for coming. John made the following announcements:

- The calendar for the year will be in the upcoming newsletter.
- Engineering Day at the Capitol
 - Chris Linneman announced 60 people across the state will be in Jeff City next Wednesday (2/22) for Engineering Day at the capitol
 - If interested in attending, reach out to Chris.
- New committee members are needed for 2023. Sign-up sheets for committee members are located near the doors. There is a sheet for each of the four Branch committees:
 - CONTINUING EDUCATION AND TRAINING COMMITTEE
 - SPECIAL EVENTS & ACTIVITIES COMMITTEE
 - KEN YOST GOLF TOURNAMENT COMMITTEE
 - ADVOCACY AND OUTREACH COMMITTEE
- As of now, all monthly luncheon costs are \$25. Orlando's price per individual for lunches has gone up so the branch board is monitoring this for the first part of the year and will decide later. The monthly luncheon costs might be increased later this year.
- Continuing Education and Training (Matt Malick)
 - Disaster Preparedness and Response training is being conducted by LTAP on March 22nd from 7:30-11:30 am at the Wildwood Community Center. The fee is \$45 per person and includes lunch. Be on the lookout for an email with registration information or contact Bruce McGregor (bmcgregor@olivettemo.com) or Matt Malick (mmalick@claytonmo.gov) for more information. Capacity will be limited to 20 attendees, so sign up early.
 - A Superintendent Roundtable will take place immediately following this LTAP training (March 22nd). Please send any agenda items to Mike Leady (mleady@claytonmo.gov)

APWA NEWS

FEBRUARY MEETING MINUTES (CONT.)

- A Director and City Engineer roundtable is scheduled for March 23rd and will take place an hour prior to the March luncheon. Please send any agenda items to Rick Brown (rick@cityofwildwood.com).
- Check out chapter emails for other upcoming trainings or contact Bruce McGregor (bmgregor@olivettemo.com) or Matt Malick (mmalick@claytonmo.gov) for more information.

- Special Events and Activities
 - The first event of the year is Laser Tag at iCombat on April 4th at 6pm.
 - Registration is required. There are 22 spots available.
 - Cost is free and registration is open on the Chapter website.

- Ken Yost Golf Tournament
 - The 15th Annual Ken Yost Golf Tournament is September 18th.
 - Please contact [Matt Malick](#) or [Jim Klein](#) if you are interested in helping plan that important event.

- Advocacy and Outreach
 - The first prize drawing of the year will be at our May Picnic.
 - Please contact [Theresa Goetz](#) if you are interested in joining this committee or if would like to donate items for the first drawing.

- Awards and Historical Committee
 - Vince Tallo Awards
 - The 2023 Vince Tallo awards will be recognized at the June meeting.
 - Nominations are due to [Vijay Bhasin](#) by May 1, 2023.
 - More information on this is available in the February newsletter.
 - Chapter Awards
 - Nominations for 2023 awards are due to [Steve Stumpf](#) in the fall.
 - Scholarships
 - The 2023 scholarship award winners will be recognized at the June meeting.
 - Nominations are due to [Steve Stumpf](#) by April 1, 2023.
 - There are scholarships for graduating high school seniors and college students on both technical tracks and engineering tracks.
 - Please go to the Chapter website for the applications and more information on the scholarships.

- Missouri Chapter Updates
 - Registration opened up this week for the MidAm
 - May 22-24 in Overland Park, Kansas

- Young Professionals Group (Nirav Patel)
 - If you have anyone interested in the YP committee, the group meets before each luncheon, contact [Nirav](#) for more information.

APWA NEWS

FEBRUARY MEETING MINUTES (CONT.)

- Communications
 - Contact [Steve](#) for any email announcements or job postings.
 - Contact [Kelley Davis](#) for anything to be added to the newsletter.
- First Time Guests
 - Michaela Fox – Great Rivers Engineering
 - Brian Gregory – Bartlett & West
 - Amera Kavado – City of Webster Groves
 - Ben Knight – HR Green
 - Dan Rieck – CDG Engineers
- Attendance Prizes
 - David Jones – absent
 - Matt Barnes – present
 - Matt Kuelker – present

Speaker

John Keeven turned the meeting over to Derek “Hulk” Koestel to introduce the month’s speakers. Derek’s brute strength broke the microphone stand of the podium.

The speakers today were Gary Whiteside and Josh Miller from GBA who will speak about the Eastern Missouri Pavement Consortium (EMPC).

The Eastern Missouri Pavement Consortium (EMPC) is a cooperative effort of public works organizations in the St. Louis Metro area. The EMPC goal is to propose standardized material specifications for durable concrete on public works projects to members and to simplify the approval process with the assistance of this web site. This concrete alternative focuses on Life-Cycle costs rather than first costs.

Derek presented Gary and Josh with certificates of appreciation and gift cards.

John made a few final announcements to close the meeting

- Next meeting of the APWA St. Louis Branch will be held on March 23, 2023, at Orlando’s. This is a joint meeting with SAME. Speaker and presentation topic to be forthcoming soon.
- Please consider joining a committee

John adjourned the meeting at 1:08 PM

Minutes respectfully submitted by Jon Loos, Secretary and APWA MO Branch Comedian-in-Residence**

**Editorial note: Jon’s title of Comedian-in-Residence was awarded by Kelley during newsletter production due to his fantastic color commentary throughout the minutes. This is not an official title and he will not be paid for this honor. Sorry Jon.

MO CHAPTER APWA SPONSORSHIP

Dear Potential Sponsor,

The American Public Works Association (APWA) exists to develop and support the people, agencies, and organizations that plan, build, maintain, and improve our communities. Just as communities count on their public works professionals, APWA strives to be the organization those professionals know they can count on.

We invite you to become a 2023 sponsor of the APWA Missouri Chapter and partner with our organization to further our mutual goals.

The APWA Missouri Chapter, established in 1958, engages in the same educational, networking and public service activities as our national parent organization, but we do so close to home where members can easily take advantage of our programs. The Missouri Chapter offers members various opportunities to attend educational programs, biannual conferences, and equipment shows as well as chances to network with their colleagues and peers in a professional setting. Missouri Chapter members represent every discipline in the public works field including public works directors and engineers, contractors, engineering consultants, material and equipment suppliers, public works street superintendents, project managers, stormwater professionals, and many others.

Missouri Chapter APWA is offering your organization an opportunity to share in our mission and success through sponsorship. Annual sponsorships for 2023 offer a wide range of opportunities to fit every company's marketing budget. Your sponsorship promotes and enables the educational mission and goals of the Missouri Chapter, and can also enable enhanced relationships with existing clients, facilitate new relationships with potential clients and strengthen your visibility in the state-wide public works industry.

Please take a moment to review the following sponsorship information, including the benefits of sponsorship, and consider choosing a level that best fits your abilities and company's budget. The benefits will be applied for the entire calendar year of 2023.

Silver Level: \$150 - \$499

Special recognition at Chapter conferences in the spring and fall
Sponsor's name printed on Chapter conference agendas in the spring and fall
Special recognition on APWA Missouri Chapter website and monthly newsletters

Gold Level: \$500 - \$999

All benefits of Silver Level Sponsor, plus:
Opportunity to write an article for the Chapter newsletter once per year

Platinum Level: \$1,000+

All benefits of Gold Level Sponsor, plus:
One conference registration and vendor booth for the 2022 spring or fall Chapter conference

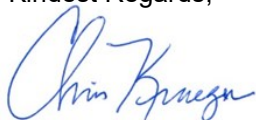

To sponsor Missouri Chapter APWA for 2023, use the following link where payment method can be selected which includes check or credit card: <http://missouri.apwa.net/EventDetails/27716>

APWA Missouri Chapter is a division of the APWA national organization, which is a not-for-profit, 510 (c) (3) organization. APWA's Federal Tax Identification Number 36-2202880

If you have any questions, please contact me at (314) 822-5820 or via e-mail at kruegeca@kirkwoodmo.org.

Thank you for considering a 2023 sponsorship of the APWA Missouri Chapter!

Kindest Regards,

Chris Krueger, P.E.
Vice-President

APWA MO CHAPTER ADVOCACY UPDATE

For questions, comments or additional information contact Chris Linneman at cdlinneman@efkmoen.com

ENGINEERING DAY AT THE STATE CAPITOL

Our chapter coordinated with the KC Metro APWA Chapter, ACEC, ASCE, and MSPE for an Engineering Day Event in Jefferson City at the Capitol Building.

We met as a group with State Representative and fellow engineer Don Mayhew, House Majority Floor Leader Jon Patterson and then had several one on one meetings with individual state reps and senators.

65 engineers from across the state attended, including 10 APWA-MO members. The event was a huge success, helping raise the profile of the engineering community within the legislature.

Next year’s event is planned to build on this success and include more meetings with top legislators. We will keep everyone updated when a date gets set for 2024.

Andi Davis, Alison Graves and Theresa Goetz in the House Chamber

APWA MO CHAPTER ADVOCACY UPDATE (CONT.)

For questions, comments or additional information contact Chris Linneman at cdlinneman@efkmoen.com

National Public Works Week - May 21-27, 2023

The Missouri Chapter of the APWA recognizes the importance of National Public Works Week in promotion of the public works profession, and those activities related to the profession. To encourage members in promoting National Public Works Week, the Chapter will provide members a variety of items for use in hosting Public Works Week promotional events and activities.

The funding limit per agency is \$100.

The cost and quantity lots available per item are listed on the [Order Form](#).

All items will be shipped for delivery directly to your event organizer.

To order promotional items, complete the Order Form and send it to:

Chris Linneman at cdlinneman@efkmoen.com

Orders need to be received by Friday March 31, 2023

The items available include Stickers, Workbooks, Balloons, Pencils, Comic Books, Temporary Tattoos, Posters and the latest Missouri Proclamation. You can view these items [on-line in the store](#) of the National APWA website at www.apwa.net

Please let us know what activities that your organization promoted during National Public Works Week. We will post the events on the chapter website.

APWA NEWS

Mid-MO APWA Luncheon

The Mid-MO APWA group held a member and guest luncheon on February 23rd in Columbia. Forty Seven members and friends of APWA got together to network and enjoy a great lunch catered by COMO Smoke and Fire BBQ.

Following lunch, Chapter Delegate Eric Landwehr gave a short update on what is happening at the chapter and national level and also mentioned some upcoming events.

To close out the event, Don Hillis and Dennis Bahls, both with Emery Sapp and Sons, gave a presentation on the 69 Express Project in Overland Park, KS. This \$570 Million Design/Build project with Partnership between Emery Sapp & Sons, Ames Construction and Parsons will reconstruct the US 69 corridor in Overland Park into a new express toll lanes.

A special thank you goes out to the seven companies that sponsored this event:

AWARDS

2023 TALLO AWARD CALL FOR NOMINATIONS

The Vincent Tallo Service Award is presented by the Missouri Chapter APWA to employees of member organizations, municipalities, or firms who have completed thirty or more years of service to the public with a single organization, municipality or firm.

The Tallo Service Awards are named after Vince Tallo, who was a long time employee of Laclede Gas Company, and long time active member of the Missouri Chapter of APWA and strong supporter of public works. Vince worked at Laclede Gas from 1958 to 2001. In the 43 years he worked at Laclede, he held a number of positions through out his career including the position of Manager of Right of Way. In this position, Vince was the company's liaison with the 90 municipalities, City, County and State Officials and Highway Departments in the St. Louis Metropolitan area. He was the ultimate professional in his approach on everything he did and worked tirelessly in promoting fellowship with everybody he met.

Vince was an active member in the APWA for over 17 years. He first became a member in 1985 and became the St. Louis Branch Chairman in 1990, was the Missouri Chapter President in 1998 and remained active in the APWA up to his retirement. Vince passed away shortly after his retirement from Laclede in 2002.

Eligibility Requirements:

- Nominees must be employees of an APWA member organization, municipality, or firm.
- Nominee must have served for a minimum of 30 years with the same organization, municipality, or firm.
- The organization, municipality or firm must be a member of the Missouri Chapter at the time the nomination is made, but does not have to have been a member for the entire 30 year award period.

Selection Criteria:

- 30 years service with a single member organization, municipality, or firm.

Nomination Process:

- Organization, municipality, or firm must send letter nominating eligible employees stating employees name, current position, and term of service to the Chairman or to a member of the Chapter Awards Committee.

Deadline and Award Presentation:

- **Letters of nomination must be submitted no later than May 1, 2023.**

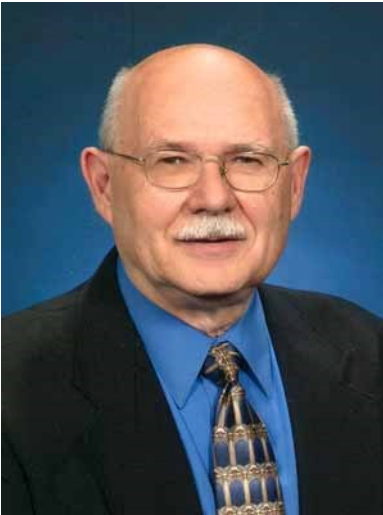

Individuals in the metropolitan St. Louis area will be recognized at the St. Louis Branch Public Works Week luncheon. Event details will be forthcoming. For further information, please contact Mr. Vijay Bhasin a ghasinassociates1@hotmail.com.

We appreciate your assistance in submitting the names of your friends, colleagues, and employees who meet these criteria.

AWARDS

KEN YOST SCHOLARSHIP ANNOUNCEMENT

APWA Announces Scholarships for High School Seniors and College Students in Honor of Ken Yost

February 7th marked the 15th anniversary of the tragic Kirkwood City Hall shooting, where the Public Works Director, Ken Yost, lost his life. In honor of his memory and contributions to the public works industry, the American Public Works Association (APWA) is proud to announce the availability of two scholarships for high school seniors pursuing a career in public works. The deadline for scholarship applications is April 1st.

The Ken Yost Memorial Scholarship for High School Seniors is intended to support students who demonstrate a commitment to public service and a desire to pursue a career in public works. This scholarship provides financial assistance to high school seniors who plan to attend college to pursue a degree in public works.

In addition to The Ken Yost Memorial Scholarship, scholarships are available for College Students to provide financial assistance to college students who are already enrolled in a public works-related program.

This scholarship is designed to support students who are working hard to achieve their academic goals and prepare for a career in public works.

To apply for scholarships, students must submit an application form, academic transcripts, letters of recommendation, and a personal statement explaining why they are interested in pursuing a career in public works. The application deadline is April 1st, and scholarship winners will be notified by the end of May.

APWA is proud to offer these scholarships in honor of Ken Yost, who dedicated his life to serving the public works industry. These scholarships are a testament to his legacy and serve as a reminder of the important role that public works professionals play in our communities.

If you know a high school senior pursuing a career in public works, please encourage them to apply for the Ken Yost Memorial Scholarship. This is an excellent opportunity to receive financial support and honor the memory of a dedicated public works professional. The deadline for applications is April 1st, so don't wait – apply today!

Please visit the APWA website for more information and applications. <http://missouri.apwa.net/PageDetails/8017>

TRAINING OPPORTUNITIES

ADA in the Public Right of Way with Construction Examples

When: Wed Mar 29th 8:00am - 2:30pm

Where: Olivette City Center, 1140 Dielman Rd, Olivette, MO 63132, USA

ADA in the Public Right of Way with Construction Examples - LII/III

This training provides participants with a basic understanding of ADA information needed to construct sidewalks and curb ramps on public rights-of-way that are compliant. The class briefly discusses laws relating to accessibility and published guidance. The focus of this course is more on constructability and compliance issues and less on the legal background. The MoDOT ADA Checklist has been recommended as an FHWA Best Practice for ADA projects and is now used on LPA projects as well as on MoDOT projects. Attendees will view photos of real-life examples of good and bad ADA installations.

To register, visit the following link: <https://tockify.com/kristi/detail/330/1680094800000>

Limited to 30 attendees because of room size.

Cost for this training: \$75 per person - government agencies; \$150 per person - private agencies.

LUNCH BE PROVIDED.

Missouri LTAP Training Policies

Registration Policy: Every attendee is required to be registered for each class. Failure to register before the class date will result in a fee of \$113/person (\$225/person for private agencies) being charged.

Cancellation Policy: Registrations must be canceled at least 48 hours prior to the class date. Failure to do so will result in being charged the full registration fee.

Professional Development Hours: PDH's will be provided via a certificate of completion for each training session provided by Missouri LTAP.

WORKZONE

Your Connection to Public Works Careers

City of Springfield, MO

PE-Environmental Services

\$65,145.60-101,358.40 Annually

The City of Springfield is actively seeking a **Professional Engineer** (option to underfill as an Engineer III) for our Water Quality Management and Protection Division in the Environmental Services Department. The primary focus of this role could include.

- Lead a team of GIS and data analysis professionals in collection system assessment, performance, and asset management;
- Update and utilize the sanitary sewer hydraulic model;
- Perform capital planning and rehabilitation improvement analysis;
- Manage infrastructure planning and improvement projects with design consultants.

The ideal candidate will seek innovative solutions and have a technical background in hydraulic modeling software, data analytics software, and water resources or wastewater engineering.

All applications received by Friday, March 17, 2023 are guaranteed review for consideration.

City of St. Peters

Project Engineer (Water Plant)

\$37.60/hr. (\$78,208 annual)

This position performs responsible office and field engineering work in the planning, development, design and inspection of budgeted City projects, mainly related to water, wastewater and stormwater projects. This position is responsible to ensure compliance with the City's Phase II Municipal Separate Storm Sewer Systems (MS4) Comprehensive Permit.

Seeking a candidate with excellent organizational, verbal and written communication skills. Must be able to read engineering drawings/blueprints and have computer experience with Microsoft products. Experience with mapping systems (ArcGIS) and databases is a plus but not required. Experience in stormwater green infrastructure, native plants, stormwater water quality, and knowledge/experience with storm water regulations, desired, but not required. Work will include plan review and project management of City projects, to include contractor oversight, site visits and field investigations.

Minimum Requirements:

- Must be a U.S. citizen or lawfully authorized alien worker.
- Undergraduate degree in Civil Engineering or related field, from an accredited college or university, with Engineer in Training (EIT) or Engineering Intern (EI) Certification.
- Must possess a Motor Vehicle Operator's license valid in the state of Missouri.
- Ability to lift and handle a minimum of 75 lbs.

PUBLIC SERVICES

Engineering - Sanitation
 Streets - Water

City of
Kirkwood
 Missouri

City of Kirkwood
Engineering Intern
\$17-\$18/hour

The City of Kirkwood is accepting applications for an engineering intern position within the Engineering Department. The Engineering Intern duties may include city construction/permit inspections for asphalt and concrete street, alley, or sidewalk construction projects; tracking and documentation of construction project quantities. Other duties may include a speed study throughout the City of Kirkwood collecting traffic counts and vehicle speeds on Kirkwood Streets. The intern would collect speed and traffic data in GIS to complete a speed study to be used in the future by the Engineering Department for placement traffic calming elements and to further the practices of Vision Zero.

Knowledge of Microsoft Outlook, Excel, and Word is required. A valid driver's license is required. Preferred qualifications include engineering students who have completed their sophomore year in college and prior construction or inspection experience. Anticipated internship is from June 1st to Mid-August, 2023.

OTHER

ADDITIONAL NEWS & FACTS (CONT.)

These two amazing women were pioneers for women in engineering.
 Let's celebrate their achievements!

Edith Clarke

Edith Clarke was the first female electrical engineer in the United States. Clarke attended Vassar College where she studied mathematics and astronomy, graduating in 1908. In 1919 Clarke became the first woman to earn a master's in electrical engineering from MIT. Clarke took a job as a computer with General Electric. Then in 1921, Clarke submitted a patent for a "graphical calculator" which would help solve electric power transmission line problems. She was also the first woman to present a paper to the American Institute of Electrical Engineers. In 1947, Clarke became the first female electrical engineering professor in the country. She taught at the University of Texas for nine years before retiring.

Katherine Johnson

Katherine Johnson worked for NASA's Langley Research Center from 1953 to 1986. She helped calculate the trajectory of the early space launches and the first moon landing. Johnson was known for asking questions, she wanted to truly understand the work she was doing. She also asked why women were not allowed to attend briefings or meetings. When no answer could be given Johnson started showing up, and asking more questions. She became an important part of the team, known for her geometry skills. Johnson was also honored with many awards during her time at NASA.
