APWA NEWS

JUNE 2026 MEETING MINUTES

ST. LOUIS BRANCH MEETING MINUTES

June 25, 2026

Call to Order

David called the meeting to order, ask everyone to find a seat, and then lead the Pledge of Allegiance.

Lunch

David announced that the head table will go first with everyone else to follow.

Business Meeting

Chair Announcements

- Thanks to everyone that attended the May BBQ and thanks to McCoy for the BBQ and the City of Kirkwood for hosting. We had 166 in attendance.

Committee Reports

- Special Events and Activities
 - Flight Club event in May at Clayton was a success
 - Anyone interested in helping Jeff plan these events, please reach out
- Advocacy and Outreach
 - Thank you for your donations at the May BBQ and Golf Tournament, we have \$1,095 for the spring BBQ for Crisis Nursery and \$200 for the Little Bit Foundation at the Golf Tourney
- Ken Yost Golf Tournament (Matt Malick presented the information)
 - 104 Golfers that braved the slightly wet conditions, net revenue of \$5,631 will cover our two (2) \$2,000 scholarships. (Raised \$200 for the Little Bit Foundation.)
 - Matt thanked all the volunteers for their dedication and commitment to the tournament
 - The golf tournament is looking to be at the same venue, around the same time of year for 2027.

Missouri Chapter Update

- General Chapter Update – Paula Hart
- Chapter Awards
 - Award Nominations deadline this year is September 11.
- Conferences - Amy Touchette-Brown
 - PWX – August 30-September 2 in Houston, Texas
 - Early bird registration ends next week!
 - Chapter Dinner September 1 Registration details coming soon
 - Registration went live yesterday, make sure you sign up.
 - Fall Conference – November 18-20, Springfield, MO
 - Looking for conference speakers to give presentations, reach out to Amy or Tricia
 - Spring Conference 2027 – TBD – Springfield, MO

APWA NEWS

JUNE 2026 MEETING MINUTES (CONT.)

- Communications
 - Contact Kelley Davis for email announcements, job postings or the newsletter.
 - If you are interested in helping with the Newsletter or other communications tasks please reach out to Kelley.
- Young Professionals and intern social is July 16th at Blueberry Hill (Delmar Blvd) 4:30-7:30.

Scholarships Presentation

Paula introduced Alex Sammet to announce the Scholarship Winners.

- Josh Giesmann – Continuing Education Scholarship (St. Louis Branch)
- Anthony Lair – Continuing Education Scholarship (MO Chapter)
- Conner Strickland – Continuing Education Scholarship (MO Chapter)
- Issac Heilman – Ken Yost Memorial Scholarship (St. Louis Branch)

Vince Tallo Awards

David introduced Vijay Bhasin to announce the Vince Tallo Award Winners.

- Mike Inman City of Springfield
- James Noblitt City of Springfield
- Thomas Shaw City of Springfield
- Bryan Sayre, Sr. City of Springfield
- Wiliam “Bill” Dempski City of Bridgeton
- Carrol “CJ” Bressie City of Bridgeton
- Kent Thaemert Spire [THE Gas Company]
- Thomas Heinze St. Louis County
- Timothy Gaines St. Louis County
- Curtis Garner St. Louis County
- Stepfon Hines St. Louis County
- Tom Blair MODOT
- Robert D. Noeler Spire [THE Gas Company]
- Greg Hayes City of St. Louis
- Vicki LaRose Civil Design, Inc.

Adjournment

Our next Branch meeting will be held at Orlando’s on July 23rd and will be the intern lunch. Please bring your summer interns to introduce them to APWA; there is no cost for them to attend. The speaker is Jesse Jonas, Baking Cakes with Jesse–Concrete Flatwork Certification 101.

Meeting Adjourned.

APWA NEWS

JUNE 2026 MEETING MINUTES (CONT.)

Meeting un-Adjourned by Jon Loos.

Jon paused, purely for composure, and took a moment to recognize Mr. Vijay Bhasin for his long-standing work with the Vince Tallo Awards. Vijay is officially stepping aside from leading the program, marking this as his final year in that role. For those keeping score at home, he has been involved since the St. Louis Branch established the awards in 1981, which comes out to a tidy 45 years.

Simply put, Mr. Vijay has been a fixture of APWA, and his contributions to the St. Louis Branch have not gone unnoticed. He was rewarded with a well-earned standing ovation and, at least in the mind of this author, very nearly carried off on the shoulders of the current Branch Board like a championship coach.

Meeting Re-Adjourned.

2026 Luncheon Schedule

- July 23 – Intern Luncheon
- August 27
- September 17 – (3rd Thursday) APA Joint Luncheon
- October 22 – SITE Joint Luncheon
- December 10 – Holiday Party

Respectfully Submitted by Steve Stumpf - Branch Secretary

APWA NEWS

2026 MO CHAPTER SPONSORSHIP

Dear Potential Sponsor,

The American Public Works Association (APWA) exists to develop and support the people, agencies, and organizations that plan, build, maintain, and improve our communities. Just as communities count on their public works professionals, APWA strives to be the organization those professionals know they can count on.

We invite you to become a 2026 sponsor of the APWA Missouri Chapter and partner with our organization to further our mutual goals. Please note that by Sponsoring the Chapter, you are also sponsoring the St. Louis Branch of APWA. There are many events that the Chapter pays the branch to support branch activities.

The APWA Missouri Chapter, established in 1958, engages in the same educational, networking and public service activities as our national parent organization, but we do so close to home where members can easily take advantage of our programs. The Missouri Chapter offers members various opportunities to attend educational programs, biannual conferences, and equipment shows as well as chances to network with their colleagues and peers in a professional setting. Missouri Chapter members represent every discipline in the public works field including public works directors and engineers, contractors, engineering consultants, material and equipment suppliers, public works street superintendents, project managers, stormwater professionals, and many others.

Missouri Chapter APWA is offering your organization an opportunity to share in our mission and success through sponsorship. Annual sponsorships for 2026 offer a wide range of opportunities to fit every company's marketing budget. Your sponsorship promotes and enables the educational mission and goals of the Missouri Chapter, and can also enable enhanced relationships with existing clients, facilitate new relationships with potential clients and strengthen your visibility in the state-wide public works industry.

Please take a moment to review the following sponsorship information, including the benefits of sponsorship, and consider choosing a level that best fits your abilities and company's budget. The benefits will be applied for the entire calendar year of 2026.

Silver Level: \$150

Special recognition at Chapter conferences in the spring and fall
Sponsor's name printed on Chapter conference agendas in the spring and fall
Special recognition on APWA Missouri Chapter website and monthly newsletters

Gold Level: \$500

All benefits of Silver Level Sponsor, plus:
Opportunity to write an article for the Chapter newsletter once per year

Platinum Level: \$1,000+

All benefits of Gold Level Sponsor, plus:
One conference registration and vendor booth for the 2025 spring or fall Chapter conference
To sponsor Missouri Chapter APWA for 2026, use the following link where payment method can be selected which includes check or credit card:([PAYMENT LINK](#)). The APWA Missouri Chapter is a division of the APWA national organization, which is a not-for-profit, 510 (c) (3) organization. APWA's Federal Tax Identification Number 36-2202880

If you have any questions, please contact me via e-mail at Chris Linneman cdlinneman@efkmoen.com

Thank you for considering a 2026 sponsorship of the APWA Missouri Chapter!

Kindest Regards,
Vice President
Paula Hart

APWA PUBLIC WORKS CAREER JOURNEY ROADMAP

Your Public Works Career Journey, Supported Start to Finish

APWA National's career roadmap maps the full arc of a public works profession across five stages, from first entry into the field through leadership, innovation, and lasting impact on the profession. As APWA describes it: public works offers a comprehensive professional journey, from initial career exploration to advanced leadership and meaningful contributions to the field, and APWA backs every stage with robust educational resources, certifications, and development opportunities tailored to professional growth.

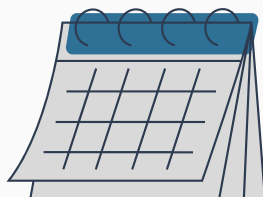

From the Emerging Leaders Academy and certifications to mentoring and subject matter expertise, there's a resource for wherever you stand in your career. Take a look at the roadmap below. Click on the image for more resources.

Managing Speeds in All Contexts: Best Practices

Setting the right speed on any roadway means balancing safety, mobility, and the surrounding community. This APWA Click, Listen & Learn session shows you how.

Speed management challenges every roadway agency, from local streets to major highways. This program covers the current state of practice in speed management treatments and techniques, walks through the national Safe System Approach to reducing crashes and their severity, and shows how Bellevue, Washington puts these strategies to work across neighborhoods and major corridors. Expect practical guidance, current applications, and real innovations you can apply right away.

What You'll Take Away

The key factors that drive target speed selection
Current treatments and operational techniques, and when each works best
Practical strategies for speed management and Safe System implementation

Session Details

- Format: Click, Listen & Learn (live virtual program)
- Runtime: 62 minutes
- CEUs: 0.1 available
- Level: Introductory
- Topics: Traffic Engineering, Transportation, Streets/Roads/Bridges

Speakers

- John Murphy, Neighborhood Traffic Safety Services Manager, City of Bellevue, WA
- Hermanus Steyn, Senior Principal Engineer, Kittelson & Associates
- Kevin Elliott, Senior Marketing & Communications Strategist, Applied Research Associates
- Moderator: Marshall Elizer, Senior Transportation Engineer, Kittelson & Associates

Access It

Available now in the APWA Resource Center. Free to members, with 0.1 CEU on offer. [apwa.org/resource/managing-speeds-in-all-contexts-best-practices](https://www.apwa.org/resource/managing-speeds-in-all-contexts-best-practices)

TRAINING OPPORTUNITIES

RaInDROPS Keep Falling on My Head: Embodying Long-Term Flood Resilience

When the rainfall data behind your designs assumes storms never change, how do you plan for the ones that will? This APWA Click, Listen & Learn session introduces a tool built to answer that.

Engineers have long leaned on NOAA's Atlas 14 and its rainfall intensity-duration-frequency curves to size pipes, set bridge heights, and guide stormwater design. Atlas 14, though, assumes rainfall patterns hold steady and overlooks recent trends. With Atlas 15 still on the horizon, states like North Carolina have built their own solutions. This session introduces RaInDROP (Rainfall Intensity, Duration, and Return for Observations and Projections), which pairs engineering expertise with forward-looking climate insight. The tool surfaces shifting precipitation extremes, stress-tests systems against historic events, and draws on atmospheric models to show how those storms could evolve. You'll see real examples of municipalities and state agencies already using RaInDROP data to strengthen long-term flood resilience.

What You'll Take Away

- A working grasp of rainfall intensity, duration, and frequency
- The methods and datasets behind RaInDROP
- Real applications of RaInDROP and atmospheric modeling for resilience planning

Session Details

- Format: Click, Listen & Learn (live virtual program)
- Runtime: 60 minutes
- CEUs: 0.1 available
- Level: Applied
- Topics: Water Resources, Stormwater, Resilience, Sustainability
- Hosted by: APWA Water Resources Committee

Speaker

- Jared Bowden, Interim Director, State Climate Office of North Carolina
- Moderator: Alicia Lanier, Stormwater Project Manager for Special Projects, City of Fayetteville, NC

Access It

Available now in the APWA Resource Center. Free to members, with 0.1 CEU on offer. [apwa.org/resource/raindrops-keep-falling-on-my-head-embodying-long-term-flood-resilience](https://www.apwa.org/resource/raindrops-keep-falling-on-my-head-embodying-long-term-flood-resilience)

CALENDAR

TRAINING OPPORTUNITIES

APWA Resilient by Design

Public works professionals and engineers are navigating a new era of challenges as they plan, design, and maintain infrastructure that must perform under severe and increasingly unpredictable climate conditions. This live virtual program addresses how collaborative approaches, innovative designs, and data-driven analysis can elevate infrastructure resilience and long-term performance. Through compelling real-world case studies, participants will explore how severe weather and changing climate trends affected infrastructure systems and how agencies have adapted their design and construction approaches in response. These examples highlight practical lessons learned, design modifications, and construction decisions that address infrastructure degradation and improve future operations.

At the end of this session, participants will be able to:

1. Identify key questions and decision-making frameworks that support resilient planning and design in response to severe and variable weather conditions.
2. Evaluate resilient and sustainable design considerations, emerging construction practices, and technologies that address weather-related risks.
3. Apply data-driven design and construction strategies to improve infrastructure durability and performance under changing weather conditions.

Speakers/Panelists

Alysondria Eason, PE
 Senior Associate
 Hazen and Sawyer

Moderator

Mike Holder, PE
 Vice President, Transportation Services
 GFT Infrastructure
 Hosted by the Engineering Construction Committee

Proficiency Level: Introductory

This program offers 0.1 CEU credits for the one-hour presentation portion of the program. The final half hour discussion in the lounge area is optional.

Registration: Free for members; \$99 for nonmembers

Instructions for joining the webinar will be emailed to you the day prior, and day of the event.

A recording of this program will be available through the APWA Resource Center 3-4 weeks following the live program.

CALENDAR

APWA MISSOURI JULY LUNCHEON

St. Louis Branch
June Luncheon
Thursday, July 23, 2026

Networking starting at 11:30 a.m.
Lunch at Noon
Cost is \$25/Person

Location: Orlando's
2050 Dorsett Village
Maryland Heights, Missouri

Baking Cakes with Jesse - Concrete Flatwork Certification 101

Bring your summer interns!

Interns are free, but you MUST register them so that we can have an accurate lunch count for Orlando's.

[REGISTER HERE](#)

Credit Card Payment in Advance is highly encouraged and will result in express check-in. Payment at the event will be accepted by cash or check. Credit Cards cannot be accepted at the event.

Please register by July 17, 2026, at 4 PM!

To register for an event:
Sign in to your APWA National account.

The Sign In tab is located in the upper right corner of the page. Click Sign In and enter your username and password.

Once you enter your username and password, click 'Register Now' and you will be directed to the registration page for that event.

There is NO COST to create an account and you are NOT required to be a member of APWA.

CALENDAR

APWA MO 2026 FALL CONFERENCE

Call for Presentations // APWA Fall 2026 Conference
DoubleTree by Hilton Hotel Springfield, MO

Fall Conference Dates: Wed 11/18 – Fri 11/20

Individuals wishing to present at the Missouri APWA Fall Conference are invited to email an abstract on any general interest subject related to the Public Works profession. We are looking for exciting educational presentations!

Submission Guidelines

- Deadline: Friday, July 31, 2026
- Submit to: atouchettebrown1@bfwengineers.com
- Each submission must include:
 - * Name of Conference: 2026 Missouri Chapter APWA Fall Conference
 - * Presenter Information: Names, emails, phone numbers, and addresses
 - * Presentation Title
 - * Brief Abstract: 500 words or less
 - * Learning Objectives: A few clear objectives describing how attendees will benefit
 - * Expected Length: 50 minutes (including Q&A)

Important Notes

- No sales pitches. Sessions should not include product or service promotion.
- Successful sessions present case studies, practical applications, and information from the user perspective.
- Individuals will be notified of acceptance by the planning committee.

Evaluation Criteria

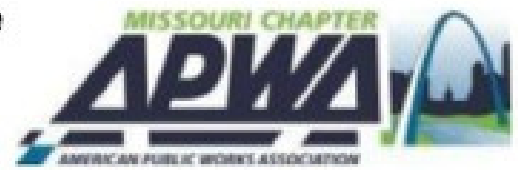

1. Relevance and Clarity
2. Practical Application
3. Leading-Edge Technologies
4. Overall Balance of Presentations

EMPLOYMENT

EMPLOYMENT OPPORTUNITIES

City of Kirkwood

Water Distribution System Worker 1

Salary range \$50,897 - \$61,077

The City of Kirkwood, MO is hiring a full-time Water Distribution System Worker 1 (\$50,897–\$61,077/year) to repair, maintain, and test water mains, valves, and fire hydrants, perform excavations and pavement repairs, locate infrastructure using pipeline and metal-detection tools, operate heavy equipment, and restore landscaping. The typical shift runs 6:30 a.m. to 3:00 p.m. with required scheduled and unscheduled overtime. Ideal candidates hold a Class B CDL (preferred), know water-system repair methods and equipment, can operate heavy machinery, use GIS mapping tools, and follow all safety protocols. The role includes a strong benefits package featuring competitive pay, 11 paid holidays, paid leave, medical/dental/vision plans (some free to employees), a pension and deferred compensation, tuition reimbursement, and fully funded training with growth opportunities.

<https://kirkwoodmo.aaimtrack.com/jobs/1307565>

EMPLOYMENT

EMPLOYMENT OPPORTUNITIES

City of Kirkwood

Water Division Superintendent

Salary range \$82,500 - \$90,000

The City of Kirkwood, MO is hiring a full-time Water Division Superintendent (\$82,500–\$90,000/year, closing July 31, 2026) to plan, direct, and coordinate the water department's programs, including water main installation, pump station and water tower equipment projects, and the Lead Service Line Inventory and replacement program. Responsibilities span developing and administering the departmental budget, setting operational and safety procedures, reviewing and approving installation plans for subdivisions and major construction, forecasting annual water demand, maintaining non-revenue water records, managing consultants and contractors, and reporting to the Department of Natural Resources. Ideal candidates bring comprehensive knowledge of water treatment, storage, and distribution along with applicable federal and state regulations, budgeting ability, strong communication skills with officials and the public, five years of potable water distribution management experience, and Missouri DS-III certification. A B.S. in Civil Engineering and/or Missouri PE registration is preferred, and training or education may substitute for experience on an equal-time basis.

<https://kirkwoodmo.aaimtrack.com/jobs/1309803>

EMPLOYMENT

EMPLOYMENT OPPORTUNITIES

City of Kirkwood

Street Maintenance Worker I **\$22.20-\$24.20 per hour**

The City of Kirkwood, MO is hiring a full-time Street Maintenance Worker I (\$22.20-\$24.20/hour, roughly \$46,000-\$50,000/year plus benefits) in its Streets Department. The role involves driving and operating a wide range of equipment, from front-end loaders, backhoes, and dump trucks to snow plows, street sweepers, and stump grinders, along with repairing streets and sidewalks using asphalt, concrete, and other materials, mowing and clearing grass, and removing snow, ice, debris, and dead animals from public areas. The position is physically demanding, requiring climbing, bending, and lifting up to 65 pounds or more in indoor and outdoor conditions with exposure to extreme weather, hazardous materials, dust, and constant noise. Requirements include a high school diploma or equivalent, a valid Class B CDL with air brake endorsement, experience in street or sidewalk maintenance and operating heavy equipment, and willingness to work overtime including evenings, nights, weekends, and holidays.

<https://kirkwoodmo.aaimtrack.com/jobs/1300800>

EMPLOYMENT

EMPLOYMENT OPPORTUNITIES

Engineering Design Source, Inc.

Transportation Engineer

Engineering Design Source, Inc. (EDSI), a growing civil engineering firm celebrating 26 years in business, is hiring a full-time Transportation Engineer to serve as Project Engineer and support the firm's expansion in the Missouri and Illinois markets, based in Chesterfield, MO, Collinsville, IL, or Chicago, IL with remote or in-office options. The role centers on technically detailed design work across a broad range of tasks including roadway design and rehabilitation, ADA-compliant designs, bike and pedestrian trail design, traffic signal design, geometric layout, drainage and hydraulics, and quantity development, along with client and contractor interaction, utility and public agency coordination, and field investigations. Ideal candidates have 3–7 years of experience (3 minimum), a BSCE from an accredited program, PE licensure (preferred), and proficiency in MicroStation Geopak and/or AutoCAD Civil 3D. Compensation is commensurate with experience and includes medical, dental, vision, and a 401k, with the firm emphasizing flexible remote work, stability, growth and training opportunities, a strong work culture, and a full backlog of projects.

EMPLOYMENT

EMPLOYMENT OPPORTUNITIES

Engineering Design Source, Inc.

Structural/Bridge Engineer

Engineering Design Source, Inc. (EDSI), a civil engineering and surveying firm based in Chesterfield, MO (St. Louis area) with a Chicagoland office opening soon, is expanding its Bridge Department and hiring a full-time Structural/Bridge Engineer, based in Chesterfield, MO, Chicago, IL, or a negotiable remote location. The role focuses on bridge design and requires completing structural calculations and preparing plans and specifications from preliminary design through final PS&E documents, along with strong communication, technical writing, and team collaboration skills. Ideal candidates have at least 5 years of structural design experience centered on bridges, Missouri PE registration (with Illinois SE or PE beneficial), a BSCE from an accredited program, and a track record on State DOT projects, preferably MoDOT and/or IDOT. Proficiency is required in LEAP Bridge Concrete CONNECT, LPile, MicroStation V8i, and standard Office tools. Compensation is commensurate with experience and includes a comprehensive benefits package with medical, dental, vision, and a 401k.
